- get books and articles from other libraries

### ProQuest Refworks

- Collect, organize and edit citations and create bibliographies

### Citation Help

- *MLA Style guide* available at the Research Help Desk

---

## Research Tools

---

**OBIS** is the inventory of all of the materials held by all the Oberlin College Libraries -- if we own it, subscribe to it, or have electronic access to it, OBIS knows!

**OhioLINK Library Catalog** represents the holdings of over 90 colleges and universities from around the state as well as some large public libraries.

**Summon** is the default search box on the main page of the library website. It searches OBIS, some of our online databases, and other open access content. Types of content include books, journal articles, newspapers and magazines, including current and historical materials.

---

## ONLINE SOURCES & DATABASES

---

### Academic Search Complete

Multidisciplinary - good for nearly all subjects. Scholarly and trade journals, popular magazines, newspapers, conference proceedings, book reviews, and more.

### Lexis Nexis

A wide range of news, political, legal, and business information from thousands of sources, mostly full text. Includes newspapers, magazines, wire services, federal and state court opinions, federal and state statutes, federal regulations, and SEC filings. News information is updated daily and wire services several times daily.
