

Friends of the Libraries Excellence in Research Award Nomination Form

Editable pdf. Download, complete and email to aricker@oberlin.edu or print and send as hard copy.

The Friends of the Oberlin College Libraries Student Research Award Committee seeks nominations for the Excellence in Research Award. The award is given to outstanding papers or projects that demonstrate excellent research using library resources. Honors projects are not eligible. Nominees will be asked to submit to the Committee a copy of the final project (e.g. paper, digital project, etc.), a bibliography, and a short essay discussing the research processes and strategies used during the project. Please include a copy of your assignment along with this nomination. The Committee will select the winners.

Name of Faculty _____
Department _____
Course # / Title _____
Name of Nominee _____
Class Year _____
Title of Project _____

Please provide a few paragraphs explaining why you are nominating this research project, with reference to the student's research process and the following criteria:

- Creativity in use of research resources
- Thoroughness in use of research resources
- Accuracy in use of research resources (a bibliography is expected)
- Use of a broad range of research resources

If the project is a group effort, please clarify the role of each group member if known. Click in the space below to begin your statement. If you have trouble with this form or need more space, please send a text document by email or campus mail to Alison Ricker. Thank you.

Submit nominations to Alison Ricker c/o Science Library or aricker@oberlin.edu,
by Friday, June 12, 2020. The Committee will contact nominees for copies of their projects.
